

## Data Sheet

# O-BZP30T66-12

BLDC gear pump

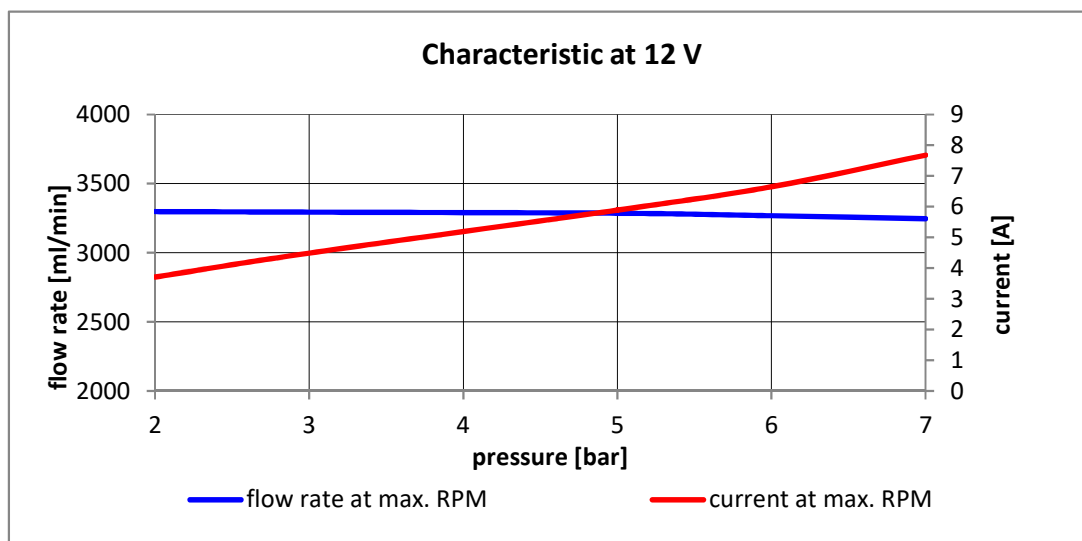

**SN10365**

Identification number

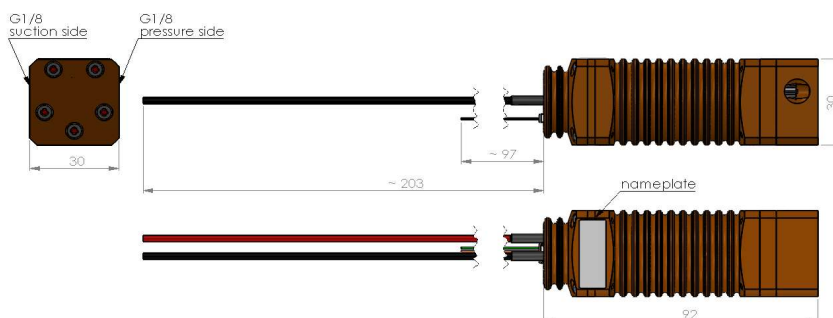

## Specifications

|                     |                    |                           |        |
|---------------------|--------------------|---------------------------|--------|
| medium:             | Kerosene, Gasoline | max. ambient temperature: | 50 °C  |
| operating pressure: | 9 bar              | max. pressure:            | 10 bar |
| flow rate:          | 2300 ml/min        | max. current:             | 8 A    |
| nominal voltage:    | 12 V               | nominal current:          | 7,5 A  |
| efficiency:         | 40 %               | duty:                     | S1     |
| Motor Controller:   | HP-Control         |                           |        |

## Characteristic

## Mechanical data

weight: 250 g
